When contributing, please remember the positive effect the camps made on all our lives.

We will keep you updated in the next newsletter as we progress. Please make checks payable to: **Friends of the Caddy Camps** and Mail to:

## Thank You, Frank Colvario.

Frank has been the driving force behind all that has been done with the shrine and its becoming an historical monument as well as all the reunions and celebrations. He has decided to step back and take a well-deserved rest. In 2022, Tony Lombardozi, Vin Monaco, Carolyn Faria Carl Ameno, and Lou Circeo and John Dally (in a limited capacity), will be helping other former campers and friends of the camp to continue our progress, more so with Our Lady of the Fairways than anything else. If there are others who can help, please call or write:

**2022 Planning and Outlook:** The Friends of the Caddy Camps administrative committee is working on the future of **Our Lady of the Fairways Trust** including finding an entity that will ensure that the shrine and its memories will continue in perpetuity. This would include the addition of a few more trustees and guidelines for the upkeep and maintenance of our historical site.

We are also working on the possibility of a complete upgrade to the **Friends of the Caddy Camps** website and looking into maybe having another reunion and/or celebration sometime in the future. We will always appreciate any help that any of you are willing to offer. More to come in a future newsletter.
